Got me dreaming, you got me dreaming
Girl, you got me dreaming, dreaming, dreaming
Girl, you got me dreaming, dreaming, dreaming

Drive slow homie, my text these niggas call it growling
Creeping on this come up, pull my number and Im on it
How you want it? Let me be honest
Only a few things I could say I never done them
Im rocking Jordans, the black and reds
Im getting money, Im getting bread
Only worry about my revenue, got homies in the
federal
If only nigga thinking rat, that right there is terrible
You never know whats around the corner
From the time I saw her I knew I had to get on that
Its like she came before in this dream I had
One evening that I fell asleep, wont need them bags,
swinging that
Outta body, hopping out of Audis
She like you can fuck with them bitches, just not around
me
I told her keep your enemies close, between you and
me
But Im sleeping though

Got me dreaming, you got me dreaming
Girl, you got me dreaming, dreaming, dreaming
Girl, you got me dreaming, dreaming, dreaming
Girl, you got me

Turning up the radio every time I hear this song
Bet I live out my dreams until my days is gone

Got me dreaming, you got me dreaming
Girl, you got me dreaming, dreaming, dreaming
Girl, you got me dreaming, dreaming, dreaming
You got me dreaming
You got me dreaming

Dreaming like Christopher Williams
Need no one to caught her

Trying to whip up a million
Just so I could spoil her
Never disconnected with who I connect with
No Derek , no homo, no disrespect me
She rocking negligee, its on her resume
She a hard worker, working like every day
When we be arguing, this bitch is going for the kill
I play the game Kobe, aint fucked up till here
Its a process, Im obsessed with progress
Keep digesting, not eating, Im looking for the biggest
smear
And Im in it still cause I see your potential
Im ready for the test, sharpening number 2 pencils
Had multiple choices but most of them pointless
I be looking sharp, focused on appointments
For the next time I see baby, look
If this was all a dream I hope nobody wake me up

Got me dreaming, you got me dreaming
Girl, you got me dreaming, dreaming, dreaming
Girl, you got me dreaming, dreaming, dreaming
You got me dreaming
You got me dreaming
