(Feat Melanie Fiona)

Chorus:

It's the... that makes me fall in love with you  
But I won't stop myself just to fall in love with you.  
It's the... that makes me fall in love with you  
But I can't stop myself just to fall in love with you.  
Just to fall, just to fall in love with you  
Just to fall in love with you  
Just to fall, just to fall in love with you!

... the sun rise... set  
So nigger might reflect  
Some days pass, change pass, and time digress  
Faces I met, places I rest, my head, some...  
Relations I kept, lover lost some of us don't know the  
difference  
Let it... now your heart needs stitches  
Can your thoughts keep drifting?  
Could you ever love again, you keep on resisting  
Never... the wrongs I did wrong  
So for redemption, I shout you out on this zone.  
... arms with the homies, you feel it's insanity  
Reals recognize reals...  
... and it was all so simple  
It was all so simple, where we was playing... sipping  
twenty five...  
You know me where push comes...  
I'mma be right here nigger, love is love!

Chorus:

It's the... that makes me fall in love with you  
But I won't stop myself just to fall in love with you.  
It's the... that makes me fall in love with you  
But I can't stop myself just to fall in love with you.

Just to fall, just to fall in love with you  
Just to fall in love with you  
Just to fall, just to fall in love with you!

Like a gift from the love one from the heart

Like a pistol with a... for target  
I want you to feel less, real shit  
... I've been kept with a billion  
In front of the building, building where OGs  
... and got it, started with...  
I knew that I was...  
...was cool, but more important  
Was piece of mind, and keep in mind I was chasing  
And falling in love with the daughter being famous  
My mans is got, got a slap on the wrist  
My other man, just...  
Wrapped up in a life, and all that come with it  
One minute you're on, and you're off, your life  
switches.  
... and it must be love, but give it up,  
But give it up to the one above, love is love!

Chorus:

It's the... that makes me fall in love with you  
But I won't stop myself just to fall in love with you.  
It's the... that makes me fall in love with you  
But I can't stop myself just to fall in love with you.  
Just to fall, just to fall in love with you  
Just to fall in love with you  
Just to fall, just to fall in love with you!  
Love is love, yeah!  
Close your eyes and just fall!  
Love is love, yeah!  
Close your eyes and just fall!
