Your eyes went dark
Three months ago
It took too long
For me to know

You lost your will
The fight is gone
And I don't know if it's too late
To save you
But I won't be going anywhere
Until this is done

I'll breathe if you let me
I'll breathe if you let me

I'm not the type
For big displays
But you left your mark on me
Like everything you touch
And I'm not asking for too much
Just one more day

I'll breathe if you let me
I'll breathe if you let me
I'll breathe if you let me
I'll breathe if you let me

I'll breathe if you let me
I'll breathe if you let me
I'll breathe if you let me
How in the world did we end this way
I'll breathe if you let me
