Last night I had my eyes on you  
I wasn't the only one  
I guess you knew what was going  
What was going on

'Cause you're smarter than you claim to be  
There's a thousand worlds in your smile  
I guess I needed a little while  
Just a little while

Girl I need your love  
So give it up to me  
In the atmosphere we could be  
Flying free

Girl I need your love  
So give it up to me  
In the atmosphere we could be  
Flying free

Last night it hit me all at once  
I've been drifting like the holy ghost  
But your love's the thing that I need the most  
Yeah I need the most

Now my feet are on the ground today  
And I finally found the right words to say  
To let you know

Girl I need your love  
So give it up to me  
In the atmosphere we could be  
Flying free

Girl I need your love  
So give it up to me  
In the atmosphere we could be  
Flying free

Way up above the clouds  
Everything disappears and now

We're never coming down

Way up above the sky  
Everything looks so small below  
We're never coming home
