In every heart there is a prayer
A common wish everywhere
To end all wars to start anew
To make all our dreams come true

The day has dawned upon all men
The awaited one has come
He is the king what a reason to sing
Oh, the hope and salvation that it brings

One world in joyful celebration
With gladness we sing
Let there be peace and goodwill to all
It's the birth of our king
From here to every nation sing
Merry christmas as one
For the special gift of love
Sent from the father up above

Let it be not only on december
Let his light shine forever
When we give and share our blessings
The sounds of christmas will ring

One world in joyful celebration
With gladness we sing
Let there be peace and goodwill to all
It's the birth of our king
From here to every nation sing
Merry christmas as one
For the special gift of love
Sent from the father up above

One world in joyful celebration
With gladness we sing
Let there be peace and goodwill to all
It's the birth of our king
From here to every nation sing
Merry christmas as one
For the special gift of love
Sent from the father up above

One world in joyful celebration
With gladness we sing
Let there be peace and goodwill to all
It's the birth of our king
From here to every nation sing
Merry christmas as one
For the special gift of love
Sent from the father up above

For the special gift of love
Sent from the father up above
One world in joyful celebration
With gladness we sing
One world, one wish, one christmas
