Disappear my dear like an echo
If you were really here I wouldn't need you
I tarnish a memory, I shudder
I see myself slipping, there's blood

Down, Down with dreams
Leave me to watch what the blind man can see
Follow the whispers that lead you to hell
Soon I might follow but it's too hard to tell

Thinking of you in purgatory, I wonder if your thinking
of me
Thinking of you, Did you exist or am I just lost for
good?

A cry of pain came in through the window
It circled my head for a while
I could have stopped it had I only knew
There must be a reason for these things

Down, Down with dreams
Leave me to watch what the blind man can see
Follow the whispers that lead you to hell
Soon I might follow but it's too hard to tell

Thinking of you in purgatory, I wonder if your thinking
of me
Thinking of you, Did you exist or am I just lost for
good?

Relinquish all worries have no thoughts
We had a good run when the getting was fair
I'll see you out there rusting away
Dissolving in time, disappear my dear

Down, Down with dreams
Leave me to watch what the blind man can see
Follow the whispers that lead you to hell
Soon I might follow but it's too hard to tell

Thinking of you in purgatory, I wonder if your thinking

of me
Thinking of you, Did you exist or am I just lost for
good?
