Eternal, the kiss I breathe
Siphon your blood to me
Feel my wounds of your god
Forever rape mortality

I smell of death
I reek of hate
I will live forever

Lost child, pay the dead
Bleeding screams of silence
In my veins, your eternity

I'll kill you and your dreams tonight
Begin new life
Bleed your death upon me
Let your bloodline feed my youth

First breath born, come alive, learn to kill
Bloodfest awaits to feed your hunger
Dark side has no rival, test your faith in blood
Night hides the hunting packs a feeding frenzy

I'll kill you and your dreams tonight
Begin new life
Bleed your death upon me
Let your bloodline feed my youth

I am the first not the last
Condemned by a single kiss
Betrayed eternally
I'll rip inside your soul

Contaminating the world
Defying God and Son
Black heart that brings your death
Living in infamy

Drink the flesh of life itself
Prepare to reign a thousand years

I'll kill you and your dreams tonight

Begin new life
Bleed your death upon me
Let your bloodline feed my youth

Bleed your death upon me
Bleed your death upon me
Bleed your death upon me
Let your bloodline feed my youth

Blame God, chosen children
As you die I'm immortal
Captive blood enslavement
Pain and hunger drives your passion

Faithless no religion
Pain and hunger drives your madness
Drink flesh life itself
Prepare to reign a thousand years
