Metal and men clash once more to the end  
Warriors above with power to kill descend  
Militia of blood troops of hate march to die  
Soldiers of Hell, veterans of death arise

Prepare for attack  
Your body will burn  
Endless war  
There's no return

Prepare for attack  
Death will arrive  
Your orders are clear  
No way to hide  
Fight till death

Senseless death of all mankind overtakes  
Armored assassins destroy at will your escape  
Childrens of sorrows are trampled into the grave  
There is no future, no fucking world to be saved

Prepare for attack  
Your body will burn  
Endless war  
There's no return

Prepare for attack  
Death will arrive  
Your orders are clear  
No way to hide  
Fight till death

To reign in Hell

Gods of steel unleash their destruction on man  
Reign of death what is the final command  
Scepters of hate are dropped upon this Earth  
Clouds of terror destroy all hope of rebirth

Prepare for attack  
Your body will burn  
Endless war

There's no return

Prepare for attack  
Death will arrive  
Your orders are clear  
No way to hide  
Fight till death

Fight till death  
Fight till death  
Fight till death
