Mankind in his insatiable search for divine  
Knowledge has discarded all  
biblical teachings  
Realizing that the strength of religion is the  
repression of  
knowledge  
All structures of religion have collapsed

Life prays for death  
in the wake of the horror of these revelations

It was never imagined how graphic the reality that  
would  
be known as  
the end  
of creation  
Would manifest itself  
We believe all this  
chaos and atrocity can be traced  
Back to one single event  
We hold  
these truths to be painfully self-evident  
All men are not created  
equal  
Only the strong will prosper  
Only the strong will conquer  
Only in  
the darkness of Christ have I realized  
God Hates Us All
