There's no preference

Fuck this lets just kill them dead  
Fuck with this discussion  
Fuck this lets just kill them  
Well well what the fuck

The worst thing has been done to you  
That dumb ass will blow you away  
No one now is getting dead

You won't feel a thing  
Or your body's life you were fighting for

Got one now is dead  
Got another that makes two  
Got one more that is three  
Don't cross me no more or you're dead

Problem with you you're afraid to die  
They'll come around again and again  
But in the end I know I'll win

Fuck this let's just kill them dead  
Smash their head  
Kill them all  
Oh well, oh what, oh once and for all
