"No Remorse"

Visit "[No Remorse](#)" on MotoLyrics.com

It's the terror that you've gotta miss
And I wanna see you right in front of death
Your eyes will shine
We're all alone and there is no noise

Step into my shadow
With no remorse

With no remorse, you ain't gotta die
The loudest noise can't make me happy
Come on, bastards, feels so good
The record's coming out, baby

With no remorse
I want to die

No remorse
With no remorse
I wanna die

Remain calm
I'm coming to your house to kill you
I can't come down

No remorse
With no remorse
I wanna die

What you want me to do?
What you want me to do?

No remorse 'cause
I wanna die

No remorse
With no remorse
I wanna die
