What do you expect i'm doing up here  
What's with you what's the problem  
You will always treat me obscene  
Who cares if they make sense

You went and sat there and broke their bottles

You rip the seam off the bottom of their jackets

But you won't even know what are there

You're shit

Verbal abuse i get into trouble

Verbal abuse burn me, i'll do it again

Verbal abuse it's totally your fault

Verbal abuse i guess you want some more

Leeches

Listen to her try to suck me dry  
Problem with you you're afraid to die  
They'll come around again and again  
But in the end i know i'll win

There's no preference

Fuck this lets just kill them dead  
Fuck with this discussion  
Fuck this lets just kill them  
Well well what the fuck

The worst thing has been done to you  
That dumb ass will blow you away  
No one now is getting dead

You won't feel a thing  
Or your body's life you were fighting for

Got one now is dead  
Got another that makes two  
Got one more that is three  
Don't cross me no more or you're dead

Problem with you you're afraid to die  
They'll come around again and again  
But in the end i know i'll win

Fuck this let's just kill them dead  
Smash their head  
Kill them all  
Oh well, oh what, oh once and for all
