You don't have to agree with anything I say. You have  
every right to hate me,  
But for fuck's sakes do not defend me. You do not  
know me, and most of these  
Songs are probably about people just like you. The last  
thing you ever want to  
Do is try to psychoanalyze me, it's not because every  
action you ever committed  
Was a direct reaction to the fact that a family member  
touched you 'down there  
' when you were a kid that it's the same for everyone,  
some of us actually  
Manage to get over our daddy issues instead of going  
through life as a  
Pathetic attention whore, and you can't really blame  
your father, I wouldn't of  
Hugged you either you fat, ugly bitch. I'm not putting  
up a front, and any  
Limits I impose upon myself are for your own safety,  
not mine. Don't waste your  
Time telling me to be true to myself, because this is  
what I believe, and if we  
Were actually true to our inner-self we'd be slaves to  
our animal instincts and  
All we'd ever do is eat, sleep and fuck. By your logic,  
the people who listen  
Most to the little voice inside their heads would be  
junkies, living only to  
Find their next fix, even if it means sucking some  
faggot's cock. Is that  
Really who you want to use as a role model? It's what  
you decide to do that  
Establishes who you are, and I've decided to be a  
miserable motherfucker here  
To point out everything that's wrong with everything  
and everyone, even though  
I have no tangible solution to offer you... other than  
killing yourself that is,  
You useless piece of shit. Inside this asshole shell I've  
created for  
Protection, is an even bigger asshole just wishing he

could come out and kill  
You. You're the ones who need protecting, not me.
