Way up in the sky  
That is where am I  
I breathe the thin air  
I like it way up there

In a bunch of trees  
I'm down on my knees  
I know what you are  
I know what you are

I don't think you wanna  
No I don't think you wanna  
I don't think you wanna  
Mess around up there

Angels in the skies  
Watch you with their eyes  
They know what you are  
They know what you are

Everything I say  
Comes back to me one day  
Everything I do  
Comes back to stare at you

I don't think you wanna  
No I don't think you wanna  
I don't think you wanna  
Mess around up there
