V1-

Like my favorite scene in the best movie,
like the air that I breath that's what she is to me.
Like a song I just wrote or like coming home,
when I've been gone too long that's what she does for
me.

I always want to have this feeling,
Ohhh your love is so amazing
tell me tell me tell me baby

Chorus

She's the light the sun would bring,
everything that means anything to me(that's what she
is)
And she's so heavenly,
all the world's just someone there to see me(that's
what she is)

tell me tell me tell me girl

Chorus

She's the light the sun would bring,
everything that means anything to me(that's what she
is)
And she's so heavenly,
all the world's just someone there to see me(that's
what she is)

Bridge

LL V-
