All of my life it seemed
That something had been missing
I didn't know what to do
Days would pass me by
Each as lonely as the other
Until I met you

REFRAIN:

You opened the door
And let the sunshine in
My life will never be the same again

CHORUS:

Now that I have you
Everything just seems so right
Now that I have you I'm alive
You are the song that I'll be
Singing my whole life through
I'm living in a brighter world
Now that I have you
Looking ahead I see
The two of us together
I'll never let you go
You're so dear to me
And it isn't any wonder
Why I love you so

REFRAIN:

You opened the door
And let the sunshine in
My life will never be the same again

CHORUS:

Now that I have you
Everything just seems so right
Now that I have you I'm alive
You are the song that I'll be
Singing my whole life through
I'm living in a brighter world
Now that I have you

BRIDGE:

I feel this love is real
I see it in your eyes
You take my hand and I understand
You are mine

You are mine
CHORUS:
Now that I have you
Everything just seems so right
Now that I have you I'm alive
You are the song that I'll be
Singing my whole life through
I'm living in a brighter world
Now that I have you
