You will always be  
A special part of me  
You will always be  
A special memory  
I'll always cherish wonderful moments  
you have given me  
You are in my heart  
Wherever I may be  
Wherever I may be

All the times we've shared  
Will always be to me  
Songs my heart would sing  
With pleasing melody  
I'll put together all of your letters  
like a symphony  
I'll remember you  
Wherever I may be

I'll put together all of your letters  
like a symphony  
I'll remember you  
Wherever I may be  
I'll remember you  
I'll remember you  
I'll remember you  
Wherever I may be  
Wherever I may be  
A special memory
