

Concorde, Los "Mustang"

Visit "[Mustang](#)" on MotoLyrics.com

I ain't go no clues 'bout what i gotta be
and just fifteen seconds ago
i found my name
no need to turn me over
no need for drugs to help discover that
i finally found myself
thax to you
i think i'm not too bad for a white boy
i've always had the need to thank you
you used to drive a Mustang
you used to give us names
that was fifteen years ago
we've changed
no need to turn me over
no need for drugs
to help me discover that
i finally found my way
thax to you
i'm gonna tell you something
'bout this white boy
i've always had this thing for you
