I don't know about falling in love
'cause it comes to an end I've been told
But when it comes to falling in love
it runs me over

Now I'm out here with my heart in my hand
to hand it over
Now I'm out here with my heart
in my hand

Have you seen my chosen one, recently
If you do, tell him I'm in for love
(I'm in for love)

I don't know about falling in love
'cause it comes to an end I've been told
But when it comes to falling in love
it runs me over

Have you seen my chosen one, recently
If you do, tell him I'm in for love
(I'm in for love)
Have you seen my chosen one, recently
If you do, tell him I'm in for love
(I'm in for love)

Have you seen my chosen one, have you seen my
chosen one,
Have you seen my chosen one, have you seen my
chosen one,
Have you seen my chosen one, recently
If you do, tell him I'm in for love
(I'm in for love)
Have you seen my chosen one, recently
If you do, tell him I'm in for love
(I'm in for love, for loove, for loove)
