I am the flame I am the dream  
I am deep within  
I drink beauty with my eyes  
Yet nothing but dreams in my fist

I am the path I take lead  
I never forget I never forgive  
I carry the torch and leave you behind  
Yet nothing but dreams in my fist

Wait wait wait  
The sad sound of trains

Wait wait wait  
A fist filled with illusions

Wait wait wait  
Don't smash the silence

Wait wait wait  
All or nothing at all

The chance of a lifetime  
In a lifetime of chance  
The wild things in my head  
Come as close as the end (2x)

Beautiful one are you dead or just drunk  
While you still sleep I fly through the night  
Beautiful one are you dying or dead  
Waiting forever was the life that I've lead

Wait wait wait

Beautiful one are you dead or just drunk  
While you still sleep I fly through the night  
Sinister one are you dying or already dead  
Waiting forever was the life that I've lead

Wait wait wait

I never forget I never forgive  
All or nothing at all

I am the flame I am the dream  
I am deep within  
All or nothing at all (2x)
