Chasing the rapture

Putrid words  
From sharpened tongues  
Are spewing them from our mouths  
Without a translation  
We're just making sounds  
The pride of a lion  
Is your disguise  
But the fear of a coward's  
In your eyes

Your chasing the rapture  
Praying for a  
Perfect disaster  
To save us from ourselves  
We need more than miracles  
We need to answer  
For the blood on our hands now  
And save us from ourselves

Out sight and Out of mind  
Make everything alright  
So let the sky and sea collide  
Just not in our lifetime  
The end is running  
Late tonight  
The kingdom comes crashing  
Down into ashes  
Careful what you're asking for

Your chasing the rapture  
Praying for a  
Perfect disaster  
To save us from ourselves  
We need more than miracles  
We need to answer  
For the blood on our hands now  
And save us from ourselves

We're comfortable killers  
We're comfortable killers

We're comfortable killers  
We're comfortable killers  
We're comfortable killers  
We're comfortable killers  
We're comfortable killers

Chasing the rapture  
Praying for a  
Perfect disaster  
To save us from ourselves

Your chasing the rapture  
Praying for a  
Perfect disaster  
To save us from ourselves  
We need more than miracles  
We need to answer  
For the blood on our hands now  
And save us from ourselves

We're comfortable killers  
We're comfortable killers  
We're comfortable killers  
We're comfortable killers
