Discompose

As a whole

A kindred gift

Barely possessed

Struggles with lack of control

Meet our mistakes, and put on display

Stone me like a martyr

Making it much harder

Time just might beat out my will to overcome

Envious

A simple touch

All of this longing

Hollowed out longings of chimera

Bend and fold

Reform the shape

Force into place

Can't uphold

Devouring the author weakening their order

Envious a simple touch

Hold tight

Why's this even questioned at all?

Why's this even questioned at all?

Turning around, crawling with vengeance,

Tempts me

Tearing around tearing it out

Fraility

Tearing around tearing it out

Frail
