She is the love that you make and break  
He is the drug that you hate to pray  
Tonight  
I am the light of your name  
To praise  
You are the One that we want

Who will convince us?  
The Wicked Will  
Who condemn us?  
The Wicked will  
Who will defend us?  
Always  
We are the Wicked ones who adore you  
The Wicked ones will destroy you  
We are the lost of your innocence  
The Wicked ones running for you

We  
We are the scar of the skin again  
Massive line  
To wondering eyes  
Waiting to  
Be mastered eyes  
Selling clones of every kind  
Who will convince us?  
The Wicked Will  
Who condemn us?  
The Wicked will  
Who will defend us?  
Always  
We are the Wicked ones who adore you  
The Wicked ones will destroy you  
We are the lost of your innocence  
The Wicked ones (running for you?)  
Kill yourself to save yourself from yourself [x3]

Before you become one of us [x2]

We are the Wicked ones who adore you  
The Wicked ones will destroy you  
We are the lost of your innocence

The Wicked ones (The wicked ones)

You will become one of us
