Lady love your countryside
Your motorways are very nice
Come and get your Aerosols
And help me paint up paradise

Let's get messed up boy
Messed up good

Come and suck down meat with me
Until it makes you feverish
I like to watch you eating stuff
Don't you kiss your mother with those lips?

Let's get messed up boy
Messed up good

Climb over here and we could spend
Some time drinking and scheming
We'll close our eyes until we
Find ourselves hard to believe in

Face it boy
Life is a mess
I want to see you boxing
Naked to the death

Run and get your cigarettes
They make your lungs all treacly
You shouldn't look at me like that
Unless you want to mess with me

Let's get messed up boy
Messed up good

Climb over here and we could spend
Some time hacking and wheezing
We'll close our eyes until we
Find ourselves hard to believe in

Face it boy
Life is a mess
If I want to see you boxing

Naked to death

Come over here and we could spend
Some time shopping till it gets dark
Come over here and we could spend
Our lives puking in Belsize Park

You know
Life is a mess
I want to see you boxing
Naked to the death
