throw me your matches 'cos i like to burn stuff  
give me your lighter to keep me amused  
kiss your fingers goodbye, bye, bye  
i'm burning them  
kiss your fingers goodbye, bye, bye  
i'm burning  
as a matter of fact they've just turned black  
i think you're attractive but in a strange way  
it's always exciting when you're around  
kiss your Bentley goodbye, bye, bye  
i'm burning  
as a matter of fact they've just turned black  
pyomania  
so pyrotechnician, i think i love you  
when will you let me join in your stunts  
kiss your fingers goodbye, bye, bye  
i'm burning them  
kiss your fingers goodbye, bye, bye  
i'm burning  
as a matter of fact they've just turned black  
pyomania
