She's seen one and looks funny
It made her cry, said "Boo" to her
She captured one all hairy
Stuck needles in it's eyes, he cries

He's reading a thin book
It's got no words just pictures
She sent him away, it's good to be king
Came back the same day reconstructed him

You're twisted uh huh uh huh
Twisted uh huh uh huh
Twisted, your insides are twisted, oh ho
Twisted uh huh uh huh
Twisted uh huh uh huh
Twisted, your insides are twisted, oh ho

I said the wrong word so shoot me
As long as you don't constrict me
You all look the same, it's spooky
You say the same things, it's ugly

Twisted uh huh uh huh
Twisted uh huh uh huh
Twisted, your insides are twisted, oh ho
Twisted uh huh uh uh uh
Twisted uh huh uh uh uh
Twisted, your insides are twisted, oh ho

Twist, twist
You're twisted
Like twisted
