Whoa

Another night I'll sleep alone
Another night I wish that you were home
Lying next to me
The shadow walking down the hall
I hear your footsteps and they seem so real
And I can almost feel you here

Girl you rip my heart out
I've never been the same
And through it all it's you I hate

Will you miss me when I'm gone
Are you happy you're alone
Are you happy you're alone
Was love not enough
Are you happy you're alone
Are you happy you're alone

I still remember what you said
Told me that I was the only one
Something must have changed
When you look back home tonight
You may find the choice you made was wrong
Baby I'll be gone
Girl you rip my heart out
I've never been the same
And through it all it's you I hate

Will you miss me when I'm gone
Are you happy you're alone
Are you happy you're alone
Was love not enough
Are you happy you're alone
Are you happy you're alone

Don't call me
Don't find me
Can't save the pain you put me through for a night
It feels over

Forever
Where we belong

Will you miss me when I'm gone
Are you happy you're alone
Are you happy you're alone
Was love not enough
Are you happy you're alone
Are you happy you're alone

Whoa

Will you miss me when I'm gone
Are you happy you're alone
Are you happy you're alone
Was love not enough
Are you happy you're alone
Are you happy you're alone

Are you happy you're alone
Will you miss me when I'm gone
