That look you gave  
that pain you feel  
it's all 'cause of you

those crying eyes  
those burning lies  
it's all 'cause of you

Hateful and painful  
you're driving lone tonight  
when nothing will keep you satisfied  
'cause you're  
Hateful and painful  
you're leaving all behind  
until you are satisfied

Try to scream and shout  
but it won't get out until you are done  
try to see it clear, try to face that fear  
that keeps you here

Hateful and painful  
you're driving lone tonight  
when nothing will keep you satisfied  
'cause you're  
Hateful and painful  
you're leaving all behind  
until you are satisfied

I won't try to make you safe  
I won't try to make you hate  
I won't try to help you out

see you brake down is a hell  
but you need to do it anyway  
until you are satisfied

Hateful and painful  
you're driving lone tonight  
when nothing will keep you satisfied  
'cause you're

Hateful and painful  
you're leaving all behind  
until you are satisfied
