Restless soul, here we are again
Like it or not
I will be your friend

Lights out no time to
be so shy
(So light up your mind)
The freakshow is burning
cry out loud

Lights out no time to
be so shy
(So make up your mind)
The freakshow is burning
cry out loud

Debauchery in my mind so right.
I got scary thoughts deep
into the night

Lights out no time to
be so shy
(So light up your mind)
The freakshow is burning
cry out loud

Lights out no time to
be so shy
(So make up your mind)
The freakshow is burning
cry out loud
