She's walking down the streets and everybody turns around

But they don't know where her black soul is coming from

She give them looks like they don't deserve to live and her passion is to break every living thing

For all I know, she's been playing a part in a game that will break your heart

Two face woman, It's you
Two face woman, It's true
you're the first girl I really hated
Two face woman, why won't you die

She is the nightmare that crawls inside your head tonight
her absence leave him broken hearted with a shallow soul
this woman seems to be the daughter of the underworld
she is the cruelest fucking human that have walked on earth

For all I know, she's been playing a part in a game that will break your heart

Two face woman, It's you
Two face woman, It's true
you're the first girl I really hated
Two face woman, why won't you die

For all I know, she's been playing a part in a game that will break your heart

Two face woman, It's you
Two face woman, It's true

Two face woman, It's you
Two face woman, It's true
Two face woman, It's you

Two face woman

Two face woman, why won't you die
