We were kings of the night united in love and we would  
go

Go out in the night and fight for the right to come on  
home

Come home I did it for you it's true

Â

'Cause you and I

Let me fall let me fall as time goes by

Baby you and I

Will always fall always fall as time goes byÂ

Â

Guns were pointed at us trying to eliminate the lust  
between us

It's hard to survive when they make us die inside us too

It's true I did it for you it's true

'Cause you and I

Let me fall let me fall as time goes by

Baby you and I

Will always fall always fall as time goes byÂ

Baby you and I

Let me fall let me fall as time goes by

Baby you and I

Will always fall always fall as time goes byÂ

We were always Kings of the night

Always Kings of the night

You and I

Let me fall let me fall as time goes by

Baby you and I

Will always fall always fall as time goes by
