"Dance With The Devil"

Downtown where no angels are found, we got our own
underground
let me show you 'round
welcome yea sinners and saints, come see the king in
restraints
the queen with his crown
Pure cry as we pass 'em on by, and you can look in our
eyes
and see no signs of light
hang 'em high on the streetlights tonight, and there's
no losing the fight
we tie our nooses tight..

You can dance with the devil, but you must wait your
turn
he'll bring you to his level, so you can feel the burn...

get down, pass the bottle around
pray to the lord you don't drown, and we can show you
how
sluts twist through the smoke and the mist
so get your hand off your dick and I can show you how
hell bent, none of us heaven sent
around the fire we chant, so just walk on by
hold tight to your daughters tonight
cuz you know I'll fuck 'em right, you know I damn well
might...

You can dance with the devil, but you must wait your
turn
he'll bring you to his level, so you can feel the burn...
You can dance with the devil, but you must wait your
turn

down south, all the rebels
are standing proud and firm

You can dance with the devil, but you must wait your
turn
he'll bring you to his level, so you can feel the burn...
(x2)

You can dance with the devil, but you must wait your
turn

down south, all the rebels
are standing proud and firm
