Who were you there with 'cause I swear I've seen him
before?
Though in the distance, I just turned my head away
What part of clinging to the same trends makes sense
to a girl
Who cries at least twice a day because she's unhappy?

We could have made it, a couple of deep breaths
There was a light, we could have reached it if there was
a light
Though all this pain, aggravation
Causes me to feel that I was just a card dealt out of
spite

Well, I call you're bluff

Get with it, get with it
Did you think that I was blind enough to not realize?
Well, better luck next, better luck next time

Why was it, why was it
Every time that we would have it out you wouldn't cry?
You'd just place your bet, make the call, go run and
hide

Who were you there with 'cause I smell him on your
skin?
Though in an instant, I just turn my face in shame
Now on the edge of demonstration
A suspicious feel that I was just a card dealt out of spite

Well, I call you're bluff

Get with it, get with it
Did you think that I was blind enough to not realize?
Well, better luck next, better luck next time

Why was it, why was it
Every time that we would have it out you wouldn't cry?
You'd just place your bet, make the call, go run and
hide

All alone, all alone
All alone, all alone
All alone, all alone

My heart isn't broken and I'm not dead
My heart isn't broken and I'm not dead
My heart isn't broken and I'm not dead
My heart isn't broken and I'm not dead

My heart isn't broken and I'm not dead
My heart isn't broken and I'm not dead
My heart isn't broken and I'm not dead
My heart isn't broken and I'm not dead
