Kiss me once, girl  
Kiss me twice, girl  
You are sugar and spice, girl  
And everything nice, girl

Love me forever and I'll be true to you, girl

Âº: You are an angel and you're so devine  
Yes, you are an angel and you're mine all mine  
Love me forever and I'll be true to you, girl  
(3. + true to you) [instr.] [3.: fine]

Angel of mercy ???  
You are the one I really want (I'm dreaming of / on?)  
Treat me right, treat me good, now,  
make me do (blue ?), just like I should. :Âº [3x]
