"Greed"

All through time, life leads you on
You get no closer to the grave
You've had no pain
You've had no loss
God does not care for you today

Life puts a gun in your hand
He'll kill you to please
Go stick that shit in your arm
You're just a disease

There you are now... you've gone too fast
Down, down, down, the greed it runs through your
veins
Down, down, down, the greed it rots out your brain

Now there's no time, all hope is lost
You've got no faith in life today
You cry and moan
Without a cross
A martyred life you always craved

Life puts a gun in your hand
He'll kill you to please
Go stick that shit in your arm
You're just a disease

The greed it's all in your mind
The greed it drives you insane
