we'll dream with you.

when we awake, we are left  
with the eggshells inside of the nest  
and the promise that one day soon,  
it will come back to us...  
when we reach into the night,  
where the water will rise,  
your wings will unbend.  
in your brilliant display  
all our worries will wash away.

on pale, imperfect eyes,  
chandeliers rely...  
and the brightness will  
weave lace out of light  
when we dream of you.

in our pale, imperfect light,  
our palms will stabilize,  
and the brightness  
will close our heavy eyes,  
when we dream of you.  
we'll dream with you.
