Running in the steets...
Running just for you...

Running in the streets just to find you
It's so difficult for me
I wanna say I love you, say I love you
Running in the streets just to find you
I can't take this anymore
And now I know this feeling can't be wrong
Running in the streets just to find you
It's so difficult for me
I wanna say I love you, say I love you
Running in the streets just to find you
I can't take this anymore
And now I know this feeling can't be wrong
I wanna say I love you say I love you

Aaahhaaaaaaaaaa
I wanna say I love you say I love you

Running in the streets just to find you
It's so difficult for me
I wanna say I love you, say I love you
Running in the streets just to find you
I can't take this anymore
And now I know this feeling can't be wrong
Running in the streets just to find you
It's so difficult for me
I wanna say I love you, say I love you
Running in the streets just to find you
I can't take this anymore
And now I know this feeling can't be wrong

I wanna say I love you say I love you x3
Aaahhaaaaaaaaaa
I wanna say I love you say I love you
Aaaahhaaaaaaaaa x2
