This new neighborhood ain't no good

Am I understood

Something's wrong but there's nothing

I can put mu finger on.

I wanna get back to blue. Wanna get back to blue.

An acquired tast your smilin' face

but just don't get me wrong

It just gives me the creeps

When I hear you laughing in your sleep

I wanna get back to blue. Wanna get back to blue.

I wanna get back to the things

we used to do.

think I'm going back again tonight.

Ain't it funny how it ain't funny at all.

I think I'm going back again tonight.

I wanna get back to blue.

Wanna get back to blue.
