Sometimes I get the feeling things won't fall apart.  
Sometimes I think it's gone too far.  
Sometimes I have a feeling things seem pretty nice.  
Then again sometimes I'd like to leave you twice.

Once we decide upon it  
We won't fall apart.  
This time I think it's gone too far.

And you get where you can't decide--  
Don't ask any other.  
And you get where you can't decide.

Didn't I say "sorry."  
Didn't I say "dear."  
Didn't I consider.  
Didn't I stand clear.  
Didn't you say "New boy get down on your knees."  
Didn't I say "trying, I'm trying, I'm trying."
