(L. Di Agostino - P.Sandrini - A. Remondini - D. Leoni)

Yes i sit and wonder why
you would tell me a lie
and i stayed up all night
yes.....all night

Should have known from the start
you would have torn me apart
but as long as i
can survive

I'll keep waiting every night
for you to walk back into my life

Gotta a hole in my soul
there's no feeling at all
baby i need so much of your love

Like a star you are so far
but i need to find a place in your heart
Like a star you are so far
but i need to find a place in your heart

wanderer star that you are
how do you find a place in my heart
wanderer star that you are
how do you find a place in my heart

Hold me close give me love
baby i need to find my own paradise
