You've been naughty but you look good
And now I'm thinking that I should
Slip on my Santa suit
And deck a hall or two with you

I'm just a dime a dozen
lilii
There's one of me on every aisle
Oh the New Year's almost here
I'm gonna need some Christmas

I've got a present for you
It's just a little smooch
So come on lets go
We're gonna kiss under the mistletoe

I lied to these children through my teeth
I make promises I can't keep
Believe me when I say to you
You give me something special

You know I never knew you huh
Give me a chance and I'll keep you warm
When there's nothing left to do
You know we can rendezvous

I've got a present for you
It's just a little smooch
So come on lets go
We're gonna kiss under the mistletoe

You've been naughty but you look good
And now I'm thinking that I should
Slip on my Santa suit
And deck a hall or two with you

You know I never knew you huh (your heart?)
Give me a chance and I'll keep you warm
When there's nothing left to do
You know we can rendezvous

2x
I've got a present for you
It's just a little smooch
So come on lets go
We're gonna kiss under the mistletoe

Ba-da-ba...
