Hey yo, I'm sitting higher than tree tops  
Womping the sneak rock, guzzling piece schnaps  
On visitor's eave's drops  
I think about detox, I'm knowing they scheme pops  
I promise I see plots, and blueprints  
I roll a blunt of this eucalyptus  
And do forensics, who is used to the menace  
Have probably no attendance  
Somebody get my team know yo  
But damn it, I been at them  
In the ball keeping the full house  
Now I should have beat the company ya keep  
It's probably just some sucky emcees  
Thinking they on the beef  
Well bring it on, that's the thing that we be on  
Call it recon, cause emcees is beacon  
Get beat on, harder we beneath the beat on  
The beat off, I lead off, a p note  
Then go beans and be loft and mix in  
Some fried chicken, the plot thickens  
Man I'm sick of all this killing  
So stop spitting

[Hook] x 2

The o's be the team, break it, it's no doubt  
If hoes disagree keep these nuts in your mouth  
Cause every time we show up, yeah, we showing out  
Never sweat with your shirts cause yes, we blow it out

Still figure man, I'm back like in my...  
You passee, proly keep raps off in my cashier  
Got drink here, keep... in my ashtray  
Cut off the bang and scarface your mac dre, what's  
happening?  
If you said friends don't want a bad day  
The lights dim, running these laps still at a fast pace  
You proly love rotten wouldn't pay for a matinee  
We tryina save them, utility belt and black k  
Everyone wet, let's stay... of the O  
These suckers hardly dope while they market is closed  
Everyone on the charts and target for show

Close my left eye aim so they hearts will explode  
And I spark on the loads, stump through humble...  
Forget to wipe my feet pissing on they commodes  
Tell them soldiers retreat, they breaching the code  
It's Stik Figa, Adullesence, Mike Schpitz, the O's

Label me the red... and design them a...  
Luxury call... every week another sponsor  
... on the microphone, real talk shit kid  
I'm in about my rhymes  
I'm skinny... get my shit up like a monster  
Remember me the bomb bra, lays on you nigga  
Like a raids a cool breeze, is cutting you like the tantra  
This si my collage to make this who overrated  
Cause they know I'm underrated, but fuck it  
They can't fade it  
My arrogances I made it,  
My money is poker facing  
If you listen you can pace it  
And know that I'm so...  
To have... back on raps in this basement  
I got the dope tracks... you could blaze this  
Flip it through my bitches and bitches I paper pages  
I'm so bored these days, it's no phase  
I just lay in the shade, still stressing and still paid

Go realer than gorillas,  
Larger than Godzilla  
A portion of large villa with women and morse realer  
... for realer fans they Mike Schpitz...  
Success is so surreal when you're living in the past  
Hard to believe they listen and loving and give a damn  
like that  
Like that? like that, like that  
Like that baby, baby, like that, baby, baby  
Like that
