### "Black Market Man"

Visit "[Black Market Man](#)" on MotoLyrics.com

no hesitation  
for exploiting pleasures  
black market man ? mercado negro  
could be your gravedigger

only no one knows ? nadie lo sabe  
who?s behind that man ? qui?n est? detr?s  
selling bad bad stuff  
all those weapons and souls

coro:

babylon, babylon, babylon, babylon man  
wicked, wicked, wicked, wicked man  
he?s just the black, black market man

do you want that forbidden fruit?  
find your own black market man ? mercado negro

waiting for you  
he wants more ? m?s  
power ? poder

he?s got to be the one  
big golden smile  
fat but not funny, he wants your money  
he has a big big gun

coro
