"Bringing Down Hell"

I know how hard it is to accept a simple answer when
the ones that you love
Are the facade of your pain
I know what it's like to struggle
I know what it's like to doubt
I know what it's like to wage a war upon your own Faith

It's like the cure isn't pure,
It's a plastic need

DISMANTLE

Don't be maggots on a grave when you know that
you've done stained
What little life you've had
YOUR NEVER GONNA LIVE THIS DOWN!

I'll keep on fighting til the day that I die
And you can mark my every word on that
I'll keep on fighting til the day that I die
I'm moving mountains til my very last breath

The plague of innocense bestows a reign of shame
LETS BRING DOWN HELL!

Your self appointed crown
Will ravish away
Don't make no mistake, you will fall

Looking up into the sky it's time that we abolish all
religion and we turn
Unto the Son x2
Just before my body dies
The butterfly
They ate my eyes
And now my soul is the only thing I see (x2)
