I'm saying I'm sorry for leaving you

But I wanted to start my life brand new

I was going through changes and could not see

That with you is where I wanna be

Nothing compares to you

And I hurt from the pain that I put you through

Baby, I need you desperately

Cuz I gotta be

Where you are

Anywhere you are, it don't matter how far

Where you are

Anywhere you are, it don't matter how far

Where you are

Anywhere you are, it don't matter how far

Where you are

Where you are, uh huh, oh

Being apart got the best of me

And I know that in life there's no guarantees

Please say that you still got love for me

Cuz I'm missing home

I'm never gonna leave

And I say it because you're all I need
For better or worse, to the end of time
I gotta be
Where you are
Anywhere you are, it don't matter how far
Where you are
Anywhere you are, it don't matter how far
Where you are
Anywhere you are, it don't matter how far
Where you are
Where you are, and where you are
Where you are, oh
I am sorry for all the things I put ya through
Baby, you are my world
I can't live my life without you
Can I come back home where I belong
Cuz I'm so alone
Baby girl, I'm on my knees, beggin' please
Cuz with you is where I wanna be
Where you are
Anywhere you are, it don't matter how far
Where you are
Anywhere you are, it don't matter how far
Where you are
Anywhere you are, it don't matter how far

Where you are

I just wanna be where you are baby
