MONSTER MONSTER be my friend- I've got nothing man  
so I've gotta pretend  
MONSTER MONSTER take my hand- and take me back  
to that monster land

MONSTER MONSTER your the one- with a fake I.D. and a  
loaded gun  
MONSTER MONSTER can't you see- that your monster  
ways are a killin' me

munstero munstero amigo amigo  
kay? key munstero? bello mi?  
bello mi munstero.

MONSTER MONSTER in my bed- but your takin' all the  
covers like a newlywed  
MONSTER MONSTER feed my soul- with that devil music  
makes me loose control  
MONSTER MONSTER
