Verse 1

Deprived by my soul that is poisoned,
Endured by my love and my hate
When will I reach my perception and live now,
And find a clean slate.

Chorus

My thoughts are taken away with the wind
It's taken away with your mind
In this moment I fall,
I'm taken away with your mind

Verse 2

Euphoric abyss that feels
Later like life was the thing you betrayed
Prediction, direction
I know when I'll reach it
I feel right again

Chorus

My thoughts are taken away with the wind
It's taken away with your mind
In this moment I fall
I'm taken away with your mind

When will I reach thee
Now - let me in
Mirror myself I'll know

I'm awake in my hell
Thinking of you
And seeing all true things that you do,
With all your lies
That you left me
In the dark
Now I see
You take away the pieces of me
I'm thinking that it's hard to breathe
I take some time to make some sense
With all of this shit
I need to comprehend

My thoughts are taken away

Chorus

My thoughts are taken away with the wind

It's taken away with your mind

In this moment I fall,

I'm taken away with your mind

When will I reach thee

Now - let me in

Mirror myself I'll know
