[Intro - SwizZz]

Bom bom bom bom  
Oh, bom bom bom boom  
Hey, bom bom bom bom  
All-right, here we go

[Verse - SwizZz & (Dizzy Wright)]

Yo, one, two check like a mark I'm here  
Niggas get cozy, its gon' be a long year  
I'm not by myself so don't try that from the rear  
I got Dizzy runnin' with me, I'd advise you be  
aware

(Uh, mindset racing, I got a duffle bag  
Try to snatch it, turn your face into a punchin' bag  
The ladies love the tats, want to lick 'em front to  
back  
Fuck her once she sneakin' out and I don't think  
she comin' back)

Nah, and I don't think she's coming back  
neither  
So you should quit callin and textin and take a breather  
She only fuck with you cause her ? beaver  
Now she moved on, I know you seen the logo on her T-  
shirt

(Uh, high life I'm blowin' ghosts on a lonely  
road  
Dummy flow, Steve Harvey said I was Romeo  
You chasing women, I'm chasing what God only  
knows  
If you dont think we rock the show, then what the fuck  
you comin' for?)

Now tell me that, huh, why you on that bullshit?  
You'll get screwed like a driver, get your tool kit  
I'm schooling niggas and I'm handing out the  
rubric  
You talkin' like you got it but you haven't even  
proved shit

(Boy you ain't never moved shit, you don't  
move bricks  
Still livin' wit' your grand-mama and your two  
kids  
You a broke confused kid, a legendary  
Never secondary, I grind whenever its necessary)

Man I unnecessarily talk shit to talk it  
The rap like TV or down deposit  
On some different shit and ? I'm fucking awkward  
I'm in your bathroom shittin' on your granite  
faucet

(Your shit is awful boy don't try to get in touch with  
me  
Nasty flow, I two girls, one cup the beat  
Smoking weed, getting high with a couple freaks  
That love the D, especially, cause can't nobody can  
fuck with me)

Now that's a commonality we both share  
I'm about to take flight just lookin' for a low  
fare  
A few resist the urge to look, but most stare  
You ain't never ball, just your bitch got no pair

(You got it boy, Barry Bond in your fuckin'  
noggin'  
Top Ramen watch p-ssy? got nothing in common  
Boy stop it, I get it poppin', I been a problem  
You been a weirdo, you probably hang out with Dennis  
Rodman)

Your sittin' court-side, gettin' your hair-doo  
died  
Your mama must regret not gettin' her fuckin'  
tubes tied  
In a double-knot to preventing the fuckin' shame  
Of having a grown man without an asset to his name

(Uh, your rap career ain't no realer then a monkey  
turtle  
I smoke too much, I'm always in a funky circle  
I got the purple, you fuckers are too commercial  
My lyrics deliver murder, we do this shit, no rehearsal)

Man practice, what the fuck is practice? A.I  
I'm insect repellent to those claimin' they stay  
fly  
Dizzy taught me how to cook, now I bake pies

Stupid ass swag, like I got my fuckin'™ brain fried

(I swear my dick long like a giraffe neck  
Baby wanna try, and say she havin'™ bad sex  
I wake up, swag out, and then I cash checks  
This rapper money got me wantin'™ to enter a math  
tech)

You get your work check, cash it, and break down to  
ones  
Then pour 'em on male strippers when you need  
some fun  
I earn a cheque then deposit it into my savings fund  
Re-up on tree when I'm on E and slide my mom a  
couple bucks

(Moms comfy, now find dudley  
I think I'm the bomb, because I keep the bomb on  
me  
Bomb dot com, slash con, Diggity Simmons, Kennedy  
Don  
YG, with these ratchets, who be fuckin'™ around with  
my time, uh)

Eh, one more time (uh), last one for the homies (uh)  
? with a little bit of (huh?)  
That means I'm gettin'™ busy like I got no  
common shit  
I'm high wit Dizzy, gettin dizzy, faded off a couple  
hits

(We on the come up quick, Funk Volume runnin'™  
shit  
Breeze got me sippin'™ slow and haters y'all can  
suck a dick  
I'm Dizzy Wright and I'm faded in on some  
other shit  
SwizZle told me ain't nobody could fuck wit this)
