This will be the last time
The first time
That you'll ever be so close to me
With every picture that you take
A memory has been engraved
The scars won't fade away

These scars won't fade away

These hands will be stained with the innocence
As you sing for me you can call my name
These sheets of regret will hold your memories
These thoughts are etched into my skin

We will enjoy this night
We will enjoy this night
And we will enjoy this night

Hope is lost in your eyes
It's begun, this destruction
So pure, it's gone to waste

See where obsession leads?

Blinded by an essence
In the form of me
This is not a secret
Want to be discreet?
Hope is lost in your eyes it has begun

This destruction will be

This will be the last time
The first time
That you'll ever be so close to me
With every picture that you take
A memory has been engraved
The scars won't fade away

We will enjoy this night
We will enjoy this night

And we will enjoy this night

Your guilt doesn't matter to me

You know god damn well we could never be
