Start the car, I'll drive as fast as I can
No worries baby everything is going according to plan
My promises meant something
So please don't run away

Just take my hand, and don't run away
This is a nightmare, that will haunt me
Oh, this is a nightmare
That will haunt me for days
This will haunt me for days

Halfway to home, I can see the light
Will you be there tonight?
Through the hurt, and the pain
I can hear your name

I hear your name in the
Depths of my dreams
I didn't want to believe in this haunting
I still hear your name
In the depths of my dreams
I didn't want to believe in this haunting

Just take my hand and hold it tight tonight
The poison that you breathe
Will kill us both
